A photograph of a kitchen with granite countertops and a woman standing in the background. The kitchen features light-colored wooden cabinets, a stainless steel sink, and a ceiling fan with three lights. The woman is wearing a light-colored jacket and has her arms crossed.

I am the owner of an interior design firm in San Diego who has had the privilege of working with EHL Granite. I can highly recommend this remarkable company. I have been very impressed with their craftsmanship, attention to detail and professionalism.

Dear Chris and Neli:

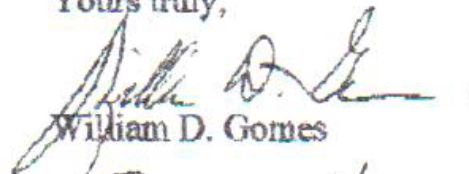

The fireplace looks beautiful. Your craftsmanship far exceeds anything we have ever seen. The matching of the stone was superb—even Mother Nature would be impressed. A neighbor commented "It is a work of art" and we agree. The design and detailed assembly were of professional quality beyond our expectations.

We enjoyed the commitment you and your staff afforded us, especially the "round table" discussions where ideas were presented and incorporated into the design.

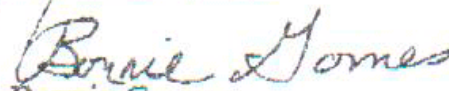

Please do not hesitate to use us as a reference. With prior notice to fit our schedules, we would be willing to show the fireplace to clients who have shown interest in photos or who want to see it up close.

Thank you for your efforts in this project.

Yours truly,

William D. Gomes
